IN LOVING MEMORY OF

Rashtriya Shiksha Ratan Award 2023

Late Dr. M. L. Monga

Founder, IBSAR Group of Colleges

(April 02, 1949 – Jan 20, 2024)

Founder's Message

“IBSAR was born from the collective vision of professionals who understood the true value of quality management education. Our aim has always been to guide young minds who seek direction, by providing world-class training that is affordable, relevant, and rooted in strong academic values. True to the meaning of IBSAR.....a light for those in need of vision—we strive to illuminate the path toward responsible leadership and lifelong learning.”

Chairperson's Message

Mrs. Neelam Monga
Chairperson

It gives me great pleasure to talk about IBSAR, the seeds of which were planted by me in 2004. Over the years, I have proudly seen IBSAR grow and flourish to a vibrant and youthful organization, now among the Top 100 private B-Schools in India. Our thousands of Alumni, some of whom are among the top leaders and entrepreneurs are one of our biggest strengths. In addition, IBSAR has consistently endeavored to help women empowerment, and we lead by example by having women centric leadership at IBSAR. Humanity is going through tremendous upheaval and change with COVID, Ukraine War, Metaverse, AI and much more – during this time I would like all of you to stay informed and go beyond yourselves to stay ahead in of the new world, that you will be a part of and always give back and help others. God bless you all IBSARites for your association and contribution in the continuous growth and success of IBSAR.

Executive Director's Message

Prof. Meenakshi Monga

MBA (HR), BEd, PHR (USA)

It's a great opportunity to talk to all of you who hold this brochure in your hands and a great privilege to share the coveted history of IBSAR in brief. The vision of building an institution par excellence was planted by my father Lt. Dr. M.L. Monga in 2004. His vision was to impart quality education which is affordable, hone the practical knowledge and equip the youth with specialized skills and experience required in a high-demand field, offering a good financial return and career prospects in the current market. Upholding his vision and legacy we have maintained and successfully delivered with the same zeal and success for all IBSARites. We can proudly say that our Alumni are in senior positions in USA, Gulf and European countries carrying the tag of success. Along the journey of education, we are now ranked amongst the 100 best colleges in India. Our Karjat Campus is spread across 5 acres, provides Law, Management, IT and Paramedical courses in the rural setup. We have completed 20 years of nurturing the youth and enabling them to become employable and responsible citizens who contribute and serve the society with love, care and finesse.

Principal's Message

Dr. Bhaskaran Shaji

B.Sc., MBA, M.Phil., UGC-NET, Ph.D.

It is a matter of great pride for me to serve as the Principal of the IBSAR CBD Belapur Campus. Our endeavor is to foster a student-friendly environment that promotes quality higher education and inspires students to become responsible, employable citizens for the nation and the world at large. Our programs, including MBA, MCA, BBA, BCA, BCA Data Science, B. Com (B&I), and the Diploma in Cybersecurity, leverage the dynamic higher learning environment of CBD Belapur, the thriving hub of Navi Mumbai. We follow an exemplary pedagogy rooted in hands-on experience, including robotics workshops, vocational skills training, cybersecurity practicals, and live case studies.

Prior to joining IBSAR, I served as an academic in Central and State Universities for 22 years. At IBSAR, we are committed to creating a dynamic educational ecosystem that transforms students' personalities through diverse activities such as 'Euphoria,' sports events, app development tasks, case study presentations, and our Soft Skills Lab.

Duration: 2 years

Eligibility: Graduation any stream with 50%

Specialization offered:

- Human Resource Management (HR)
- Finance
- Marketing
- IT & Systems
- Supply Chain and Logistics

Syllabus

Semester I

- Essentials and Functions of Management
- Organisational Behaviour
- Introduction to Management
- Accounting
- Marketing
- Management
- Quantitative Methods
- Managerial Economics
- Communication Skills
- Image Management

Semester II

- Human Resources Management
- Environmental Studies
- Financial Management
- Production Operation and Materials Management
- Legal Aspects of Business
- Business Research Methods
- Computer Applications in Management
- Business Ethics & Corporate Governance

Semester III

- **Entrepreneurship**
- **Development & Project Management**
- **Management Information System (MIS)**
- **Advance Business English**
- **Project**

- **Human Resource Management**
- Training and Development
- Performance Management
- Labour Laws and Industrial Relation
- Strategic Human Resource Management

- **Finance**
- Advanced Financial Management
- Risk Management
- International Financial Management
- Strategic Financial Management

- **Marketing**
- Sales Promotion and Administration
- Distribution Management
- Salesmanship & Advertising
- Rural Marketing

Semester IV

- **Corporate Policies & Strategic Management**
- **Current Trends in Management**
- **Business Environment**
- **Advanced Excel**

- **Human Resource Management**
- Leadership & Decision Making Skills
- Talent Acquisition and Retention
- Compensation Management
- Cross Cultural & Global Human Resource Management

- **Finance**
- Security Analysis and Portfolio Management
- Financial Decision Analysis
- Management of Financial Institutions
- Taxation - Laws Practices

- **Marketing**
- Management of Services
- Brand Management
- International Marketing
- Retail Marketing

Master of Computer Applications (MCA)

ELEVATE YOUR CAREER WITH AN MCA

MCA is a postgraduate degree designed to impart advanced expertise in computer applications, software development, and emerging technologies. It is the ideal pathway for individuals aiming to move beyond entry-level positions and secure leadership roles within the IT industry.

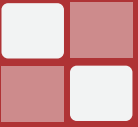

Graduates of this program unlock superior career opportunities in high-demand fields such as Data Science, Cloud Computing, and IT Consulting. With job titles like Software Architect, Data Scientist, Cloud Engineer, and IT Project Manager, MCA holders command higher salaries and strategic responsibilities compared to standard BCA graduates.

IBSAR's MCA program ensures students graduate as industry-ready professionals. We equip you with the skills and experience required to excel in software development, analytics, cybersecurity, and the technology domains of tomorrow.

Duration: 2 years

Eligibility: Graduation any stream with 50%

Key Highlights:

- **Research & Innovation:** A strong focus on Research Methodology, paper publication, and projects to foster knowledge creation.
- **Industry Integration:** Compulsory internships in even semesters provide valuable hands-on exposure and professional networking.
- **Seamless Admission:** Seats are allotted based on rank, preference, and availability via online form submission or direct admission.

Syllabus

Semester I

- Advanced C programming and Data Structure
- Green Computing
- Discrete Mathematics
- Advanced Linux & Shell Programming
- Software Engineering
- Research Methodology
- MOOC(C++)
- Advanced C programming and Data Structure (PR)
- Linux & Shell Programming (PR)

Semester II

- CTIT (Cyber Security + Intro. Block Chain)
- Advanced Computer Network
- Django Web Framework
- Project
- Internship
- MOOC (From Developer to Entrepreneur)
- MOOC (GitHub)
- Django Web Framework (PR)

Semester III

- Data Mining & KDD
- Data Analytics using Python OR Cloud Computing
- Web Application Development using net OR Full Stack Development
- Software Testing and Tools
- Cryptography and Network Security
- Research Project
- Data Analytics using Python (PR)
OR Cloud Computing (PR)
- Application Development using net (PR)
OR Full Stack Development (PR)
- Software Testing and Tools

Semester IV

- Artificial Intelligence
- Software Project Management
- Research Paper
- Internship
- Research Project
- Artificial intelligence (PR)

Bachelor of Business Administration (BBA)

INTRODUCTION

- Financial Services
- Financial Management

HRM (Human Resource Management):

- Industrial Relations
- Compensation Management
- Indian Knowledge System (Discipline Specific)

Semester VI

- Strategic Management
- Entrepreneurship Development
- Introduction to International Business

MK (Marketing):

- Sales and Distribution Management
- Retail Marketing

FM (Finance):

- Audit and Taxation
- Security Analysis and Portfolio Management

HRM (Human Resource Management):

- Labour Laws Performance Management Internship

Bachelor of Computer Applications (BCA)

Cybersecurity

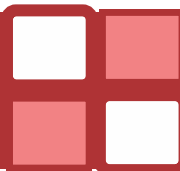

INTRODUCTION

The BCA in Cybersecurity is a cutting-edge undergraduate degree tailored for the next generation of digital defenders. This program blends core software development skills with advanced training in threat detection, secure coding, and risk management.

Graduates unlock a wide array of specialized career opportunities, moving beyond traditional coding roles to become **Ethical Hackers, Security Consultants, SOC Analysts, and Information Security Managers**. As cyber threats grow globally, these professionals are essential across every major sector, from FinTech to National Defense.

By choosing this specialization, students secure a future-proof career path. While general IT roles are abundant, the expertise gained in this program offers significantly higher entry-level salaries and rapid career advancement.

Duration: Three Years (6 Semesters)

Eligibility: Candidate must have passed their 10 + 2 from the recognised educational board with min. 50%. BCA admission eligibility does not require Mathematics as a compulsory subject

Syllabus

Semester I

- C Programming
- Mathematics
- Computer & Network Fundamentals
- Operating System
- English Gender Perspectives
- Logic Development
- C Programming (PR)

Semester II

- Object Oriented Programming using C++
- Statistics
- Structured System Analysis and Design
- Principles and Practices of Management – I
- Communication Skills
- Moral Values
- Indian Knowledge System (IKS)
- Object Oriented Programming using C++ (PR)

Semester III

- Advanced Web Designing
- Database Management System (DBMS)
- Environmental Studies
- Principles and Practices of Management – II
- Marathi
- Advanced Excel
- Introduction to IoT
- Advanced Web Designing (PR)

Semester IV

- Advanced Database Management System
- Java Programming
- Software Testing & Quality Assurance
- Unified Modeling Language (UML)
- Content Writing
- Soft Skills
- Understanding India
- Java Programming (PR)
- Advanced Database Management System (PR)

Semester V

- Python Programming
- Linux
- C# Basics
- E-Commerce
- Data Mining
- Business Applications
- Management Information System
- Python Programming (PR)

Semester VI

- Advanced Java OR Android Programming
- Virtualisation & Cloud Technology
- Project
- Organizational Behavior
- Digital Marketing
- Internship
- Advanced Java (PR) OR Android Programming (PR)
- Virtualisation & Cloud Technology (PR)

Bachelor of Computer Applications (BCA)

AI & Data Science

INTRODUCTION

A BCA in Artificial Intelligence and Data Science offers one of the most lucrative career paths in the modern tech landscape. While standard IT roles remain available, this specialization uniquely qualifies students for the high-growth sectors of AI and Big Data.

Graduates can secure employment in diverse fields—from predicting financial trends in banking to developing diagnostic AI in healthcare. Key job profiles include **Junior Data Scientist, AI Engineer, NLP Specialist, and Big Data Analyst.**

This degree serves as a powerful stepping stone. It provides the technical edge required for premium entry-level jobs and acts as a solid launchpad for advanced post-graduation studies in emerging technologies.

Duration: Three Years (6 Semesters)

Eligibility: Candidate must have passed their 10 + 2 from the recognised educational board with min. 50%.

BCA Data Science admission eligibility requires Mathematics as a compulsory subject in 12th.

Syllabus

Semester I

- C Programming
- Mathematics
- Computer & Network Fundamentals
- Operating System
- English
- Gender Perspectives
- Advanced Excel
- C Programming (PR)

Semester II

- Python Programming
- Statistics
- Structured System Analysis and Design
- Data Mining
- Communication Skills
- Moral Values
- Indian Knowledge System (IKS)
- Python Programming(PR)

Semester III

- Advanced Web Designing
- Database Management System (DBMS)
- Environmental Studies
- Exploratory Data Analysis
- Marathi
- Machine Learning Foundation
- Data Visualisation
- Advanced Web Designing (PR)
- Data Visualisation (PR)

Semester IV

- Advanced Database Management System
- Java Programming
- Power Bi
- Unified Modeling Language(UML)
- Soft Skills
- Big data Technologies
- Java Programming (PR)
- Advanced Database Management System (PR)
- Power Bi (PR)

Semester V

- Machine Learning – I
- NLP
- IoT
- Introduction to Artificial Intelligence
- Business Communication
- Business Forecasting OR Digital Marketing with Data Analytics
- Machine Learning – I (PR)
- NLP (PR)

Semester VI

- Machine Learning – II
- Deep Learning
- Cloud Technology & Security
- Project
- Internship
- Machine Learning – II (PR)
- Deep Learning (PR)

B.Com in Banking & Insurance (BBI)

INTRODUCTION

The Bachelor of Banking & Insurance (BBI) is a comprehensive three-year undergraduate program designed to build a robust foundation in the financial services sector. Spanning six semesters, the curriculum strategically bridges the gap between theoretical frameworks and the practical realities of modern banking and insurance systems.

Students gain specialized expertise in critical areas such as financial markets, banking operations, accounting principles, and insurance regulations. Beyond technical knowledge, the program emphasizes the development of analytical and managerial decision-making skills—essential traits for success in financial institutions. By combining academic rigor with industry-oriented learning, the BBI program empowers graduates to master risk management, navigate regulatory landscapes, and adapt to the dynamic evolution of the global financial sector.

Duration: Three Years (6 Semesters)

Eligibility: Candidate must have passed their 10 + 2 in any Stream or equivalent from a recognised education board with min. 50%.

Syllabus

Semester I

- Environment & Management of Financial Services
- Principle of Management
- Financial Accounting-I
- Business Communication-I

Skills Enhancement Courses(Any One)

- Foundation Course-I
- Business Economics-I
- Quantitative Methods-I

Semester II

- Principles & Practices of Banking & Insurance
- Business Law
- Financial Accounting-II
- Business Communication-II

Skills Enhancement Courses(Any One)

- Foundation Course-II
- Organisational Behaviour
- Quantitative Methods-II

Semester III

- Financial Markets
- Direct Taxation
- Information Technology in Banking & Insurance-I

Skill Enhancement Course(Any One)

- Foundation Course-III
(An Overview of banking Sector)

Elective Course(Any Three)

- Financial Management-I
- Organisational Behaviour
- Risk Management

Semester IV

- Corporate & Securities Law
- Business Economics-II
- Information Technology in Banking & Insurance-II

Skill Enhancement Course(Any One)

- Foundation Course-IV(An Overview of Insurance Sector)

Elective Course(Any Three)

- Financial Management-II
- Entrepreneurship Management
- Wealth Management

Semester V

- International Banking & Finance
- Research Methodology

Elective Course(Any Four)

- Auditing - I
- Strategic Management
- Financial Services Management
- Business Ethics & Corporate Governance

Semester VI

- Central Banking
- Project Work In Banking & Insurance

Elective Course(Any Four)

- Security Analysis & Portfolio Management
- Auditing - II
- Human Resource Management
- Turnaround Management
- International Business

Bachelor of Arts and Bachelor of Laws (BA LL.B)

(5 years integrated course)

INTRODUCTION

The Bachelor of Arts and Bachelor of Laws (BA LL.B.) is a comprehensive five-year integrated program designed to bridge the gap between social sciences and legal education. Spanning ten semesters, this interdisciplinary course seamlessly blends the liberal arts—including Political Science, Sociology, Economics, and History—with core legal subjects such as Constitutional Law, Criminal Law, Contracts, and Jurisprudence.

The curriculum is structured to foster critical thinking, advocacy skills, and a holistic understanding of the legal framework within its social context. Beyond the classroom, the program emphasizes experiential learning through moot courts, internships, legal aid clinics, and complex case studies. By combining social awareness with legal expertise, the BA LL.B. prepares students for distinguished careers as Advocates, Corporate Lawyers, Judicial Officers, and Policymakers, while instilling a profound sense of ethics and social responsibility.

Duration: Five Years (10 Semesters)

Eligibility: Candidate must have passed their 10+2 level of Education from the recognised educational board. They must have Appeared for the MHT-CET Entrance Exam.

Syllabus

Semester I

- English-I
- Logic-I
- Economics

Semester II

- History
- Political Science-1
- Legal Writing & Legal Language

Semester III

- Political Science-II
- Sociology
- History of Courts

Semester IV

- English-II
- Logic-II
- Political Science-III

Semester V

- Labour Laws
- Contract-I
- Tort & Consumer Protection Laws
- Legal Language including Legal Writing & General English

Semester VI

- Law of Crimes
- Constitutional Law
- Family Law-I
- Environmental Laws
- Practical Training-I

Semester VII

- Administrative Law
- Family Law-II
- Transfer of Property Act and Easement Act
- Company Law

Semester VIII

- Jurisprudence
- Contract-II
- Land Laws
- Elective (Any 1)**
- Criminology and Correctional Administration
- Taxation Laws
- Bankruptcy Laws
- Practical Training-II

Semester V

- Civil Procedure Code & Limitation Act
- Criminal Procedure Code, Juvenile Justice Act. 2000 & Probation of Offenders Act
- Interpretation of Statutes
- Public International Law & Human Rights

Bachelor of Legislative Law (LL.B)

INTRODUCTION

The Bachelor of Legislative Law (LL.B.) is a rigorous three-year professional undergraduate program tailored for graduates aiming to establish a career in the legal profession. Spanning six semesters, the course delivers an in-depth mastery of the Indian legal system, constitutional frameworks, and the procedural functioning of courts.

The comprehensive curriculum encompasses a wide spectrum of subjects, including Constitutional Law, Criminal Law, Contract & Family Law, Administrative Law, and specialized fields like Environmental and Human Rights Law. Beyond theoretical knowledge, the program places a premium on experiential learning. Through moot courts, legal drafting, internships, and court visits, students hone their advocacy skills, critical thinking, and professional ethics.

Upon completion, graduates are fully equipped to pursue distinguished careers as Advocates, Corporate Lawyers, Legal Advisors, and aspirants for the Judicial Services, contributing effectively to the government, corporate, and social justice sectors.

Duration: 3 years (Six Semesters)

Eligibility: Graduation in any discipline from a recognized university with a minimum of 45% marks (40% for reserved categories), subject to university and BCI norms.

Syllabus

First Year

Semester I

- Law of Contracts
- Law of Torts (Including Motor Vehicles Act & Consumer Protection Law)
- Constitutional Law-I
- Family Law-I
- Law of Crimes-I

Basics of law, constitution, contracts, torts, family law, and criminal law.

Semester II

- Constitutional Law-II
- Special Contracts
- Jurisprudence
- Family Law-II
- Law of Crimes-II
- Local Self Government (Including Panchayat Administration)

Focuses on Advanced constitutional law, jurisprudence, special contracts, family law, and governance.

Second Year

Semester III

- Administrative Law
- Labour & Industrial Laws
- Code of Civil Procedure-I
- Law of Criminal Procedure-I (Including Juvenile justice and probation of offender act)
- Human Rights Law & Practice
- Professional Ethics & Professional Accounting System (Practical)

Focuses on Administrative law, labor laws, procedures, human rights, and professional ethics.

Semester IV

- Environmental Law
- Labour & Industrial Laws-II
- Code of Civil Procedure - II (Including limitation act)
- Law of Criminal Procedure- II (Including criminal rules of Practice)
- Property law (Including transfer of Property act and Easement act)
- Drafting, Pleading and conveyancing (Practical)

Covers Environmental law, advanced labor laws, and specialized legal subjects.

- Law if Indirect taxation
- Public international law
- Land laws (Including tenure and tenancy system)
- Interpretation of Statues and principles of legislation
- Gender justice and feminist jurisprudence
- Moot court exercise and court visit (Practical)
- Internship programme
- Programme Viva voce

Practical training, moot courts, internships, and professional legal practice.

Diploma in Cyber Security

INTRODUCTION

The Diploma in Cyber Security at IBSAR is designed to equip students with the critical skills needed to defend digital ecosystems against evolving cyber threats. Our comprehensive curriculum delves into:

- **Ethical Hacking & Network Security:** Learning to identify vulnerabilities before they are exploited.
- **Data Protection & Cryptography:** Securing sensitive information through advanced encryption.
- **Cyber Laws & Digital Forensics:** Understanding the legal framework and investigating digital crimes.
- **Threat Intelligence & Risk Management:** Proactively managing and mitigating security risks.

Graduates are well-prepared to secure dynamic roles in IT security, forensic analysis, and network defense. Career opportunities abound across high-stakes industries, including banking, government agencies, and top-tier IT firms.

Eligibility Criteria:

Educational Qualification: 10th or 12th pass (recognized board)

India's top names are the latest victims of rising cyber threats:

HAL (May 2024)

Lost ₹55 lakh in a phishing scam just one missing letter in an email cost a fortune.

Angel One (Feb 2025)

Stockbroker giant faced a breach in their AWS systems. Dark web monitoring saved the day.

India Post Spoof (Mar 2025)

Hackers cloned the official India Post site to spread malware across Windows and Android users.

SPORTS FACILITIES

The students are encouraged to take part in sports. Both indoor and outdoor sports facilities like cricket, football, TT, Chess, Carrom board, etc are available in the campus. Several educational and recreational activities are organised. Students and teachers get ample opportunities to take part in these activities.

LECTURE HALL

The institute has modern amenities, which aid in conducting a range of academic programmes. The lecture halls are air- conditioned. They are designed to provide complete comfort for intense hours of classroom teaching and interface.

LIBRARY

The library, with its modern collection of information resources and innovative information services, plays a vital role in the intellectual pursuit of students and academic community. The library has a rich collection of printed and electronic resources, which include books, journals, audio-visual materials, case studies, conference proceedings, training manuals, etc. The library has a collection of 8000 books.

COMPUTER LAB

The objective of IBSAR has always been to be in the forefront of utilisation of IT. All systems have hot swap SCSI hard drive, and workstations with processor & network. IBSAR provides laptop to Full-Time MBA students. Wireless connectivity through Wi-Fi is available in the campus.

CAFETERIA

Canteen services are provided within the campus to all students. We provide vegetarian food.

AUDITORIUM

The large air-conditioned auditorium, fitted with acoustic system and communication network, accommodate about 200 participants. The auditorium provides the right ambience for seminars, events, etc.

In addition, the air-conditioned mini auditorium is suitable for small gathering.

Industrial Visits

Exploring Rishikesh, Haridwar, Bhimtal, Nainital & Jim Corbett

★★★★★

I feel lucky to be a student of 1st Batch of "Institute of Business Studies and Research", Navi Mumbai. I have spent a 2 years of my learning phase of my life in this college but have thousands of thoughts and memories about it. I feel that this college has not only helped in my education but has played an important role in the overall development of a student. Along with education here we get a lot of different opportunities to polish our personalities and experience a number of different things. The college phase of life is very precious and every student has a lot of expectations from their college and being a part of this college will never disappoint them. IBSAR is best in each and every aspect whether its placement opportunities or infrastructure or campus or hostel. This college provides us with the best of everything.

★★★★★

Ibsar College. I've heard some great things about it. Many students praise its faculty for being knowledgeable and supportive. The college also offers various industry-oriented programs and has good placement opportunities. Overall, it seems like a great choice for higher education. head of admission department manju mam and Ruchi mam and akshita both are the supportive and friendly for student's.. Many of the students have made their career from this college infact programmes and events are mind-blowing they also give proper guidance 😊🏠

★★★★★

When it comes to college infrastructure, the campus here is spacious and modern. The library, labs, and classrooms are all top-notch. The staff and teachers are extremely supportive, and they are experts in their respective subjects. The teachers here are deeply involved in the growth and success of their students. There are also plenty of extracurricular activities, such as sports, cultural events, and clubs. The atmosphere is positive and motivating, allowing every student to explore their potential. College life here is a wholesome experience where knowledge and fun go hand in hand! 🏠🔥

Admission Process

Step 1

Fill Application form

Step 2

Interview & Scholarship test

Step 3

Seat Retention

Candidates seeking admission must fulfill the following requirements:

- Applicants can apply online through the official website: www.ibsar.ac.in, or download the application form from the website and send the duly filled form to IBSAR for further admission processing.
- A registration fee of ₹1000 is applicable at the time of form submission.

Selection Process for MBA:

- Selection will be based on entrance exam scores and academic performance. Shortlisted candidates will be invited for a Group Discussion (GD) and Personal Interview (PI).
- Candidates who clear the interview round will receive a Provisional Offer Letter.
- A time frame of three days will be provided to pay a Seat Retention Fee of ₹30,000/- (This amount will be adjusted in the first installment of the course fee).

Documents Required at the Time of Admission:

- Photocopy of the candidate's Aadhar Card
- 10th Grade Marksheet and Passing Certificate
- 12th Grade (Higher Secondary) Marksheet and Passing Certificate
- Graduation Marksheet and Degree Certificate (for Postgraduate programs)
- Two passport-size color photographs
